Home Inspection Carolina

Our app allows you to schedule an inspection from your phone or tablet. See scheduling availability and choose the time that need. You can even request the inspector you know and trust. Our app can be used for record retention to view current or any past inspections at any time. Simply go to www.HomeInspectionCarolina.com and click the link "Download Our App" We will send you to add our app to your home screen, making scheduling inspections easy!

Sly Dial

You need to get some pertinent, detailed information to someone quickly but you don't have time for the idle chit chat that would certainly follow if you called them. Typing it all out in a text message would just be agony! Instead just leave a quick voicemail and your fingers will thank you. (it goes straight to voicemail)

Google Translate

- Translate between more than 100+ languages
- Converse naturally and let Google translate
- Speak, type, write, or take a picture to translate
- Translate offline while traveling. No internet connection need-ed.

Homesnap

Simply snap a photo of any house, townhouse, or condo to reveal tons of real estate info. REALTOR data, interior photos, estimated values, bedrooms, bathrooms, schools, tax-es, lot boundaries and more! Plus, we just added new info about every public school in the USA.

Google Alerts

Email updates of the latest relevant Google results (web, news, etc.) based on your queries.

Enter a search query you wish to monitor. You will see a preview of the type of results you'll receive. Some handy uses of Google Alerts in-clude:

- 🕒 monitoring a developing news story
- 🕒 keeping current on a competitor or industry
- 🕒 getting the latest on a celebrity or event
- 🕒 keeping tabs on your favorite sports teams
